ZNE for Local Governments Workshop, LGSEC Quarterly Meeting

Friday, December 9, 2016 -- 8:30 am-3:30 pm

Annenberg Beach House, Santa Monica

California has set ambitious goals for zero net energy (ZNE) buildings and is leading the nation in the number of ZNE projects including municipal buildings. This interactive session will help attendees build knowledge on ZNE design and operation strategies, effective policies and codes as well as planning approaches and other resources to support advancement of zero energy buildings.

Tentative Agenda:

8:30-9:30 am -- Networking Session

9:30-12:00 pm -- LGSEC Quarterly Meeting: Codes & Policy Update

12:00-1:00 pm -- Sponsored Lunch and Keynote Speaker

1:00-1:30 pm -- The Energy Network's EE Projects: Pathway to ZNE

1:30- 3:30 pm -- NBI Presentations: ZNE for Local Governments

3:30-5:00 pm -- Networking & Reception

More details to follow. To pre-register, or for any questions, please contact info@energynetwork.com.

The 12/9 Workshop is brought to you on behalf of The Energy Network, LGSEC, The City of Santa Monica and New Buildings Institute. The Energy Network is administered by the County of Los Angeles and funded by California utility ratepayers under the auspices of the California Public Utilities Commission.
